KYK Corporation Ltd. Osaka, Japan

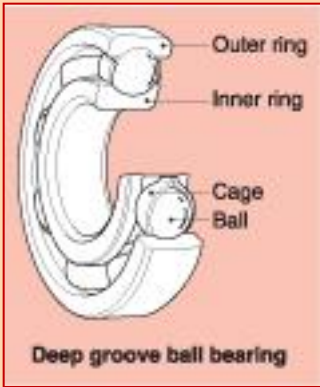

KYK Corporation History

- ❑ KYK Corporation Ltd. was established in 1952, in Osaka, Japan
- ❑ The first production rolled out in 1953
- ❑ KYK corporation are the only owners of 'KYK brand'
- ❑ KYK bearings are approved by various OEM's in Japan, U.S.A, Canada , Europe, Korea, Taiwan, Singapore, India , Iran, Egypt, Africa, and Middle East
- ❑ 'QUALITY' is the watchword for every phase of KYK activities
- ❑ All bearings manufactured are strictly to JIS standard

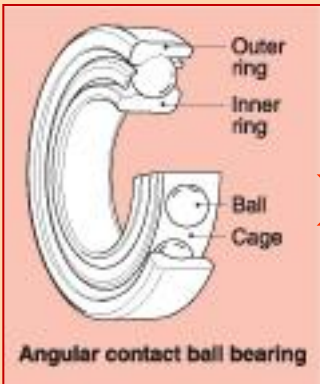

Product Range

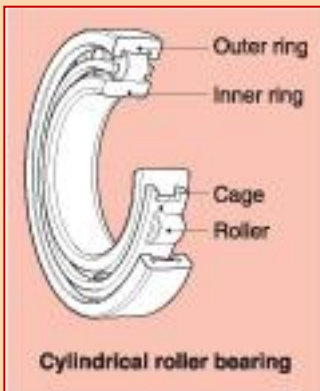

Ball Bearings

- Miniature Ball Bearing 604 up to 629
- Deep Groove ball Bearings 6800 up to 6330
- Self Aligning Ball Bearings 1200 up to 2320

Angular Contact Ball Bearings

- Single Row Angular Contact Bearings 7200 up to 7320
- Double Row Angular Contact Bearings 3200 up to 3315
- Double Row Angular Contact Bearings 5200 up to 5314

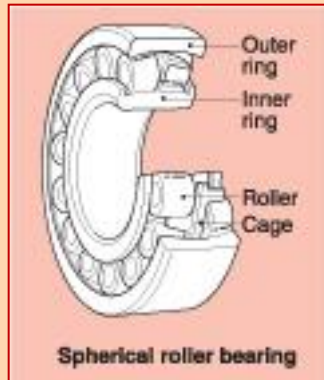

Cylindrical Roller Bearings

- All types like N, NU, NJ, NUP
- From size 204 up to 2320

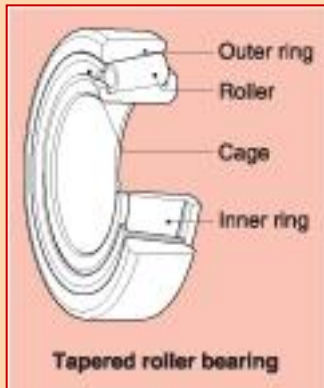

Product Range

Spherical Roller Bearings

- All types like CC, CA, CAK, MB, MBK
- Up to bore size of 400 mm (24180)
- Series : 21300, 22200, 22300, 23200, 23000, 24000, 24100 available

Tapper Roller Bearings

- Both Metric and Inch size
- Up to bore size of 150 mm (32230)
- Metric Series : 32000, 30200, 30300, 32200, 32300, 33200,
- Inch Series : M, LM, JLM, HM, K

Thrust Ball Bearings

- Thrust ball bearing 51100 up to 51330
- Thrust Roller Bearings

Product Range

Full Range of Automotive bearings for all type of Modern LCV, HCV and Trucks

- 1st , 2nd and 3rd Generation Wheel Bearings
- Clutch Release Bearings
- Tensioner belt bearings
- Steering bearings

Quality Features

HQ KYK Ball Bearing

Noise and Vibration Level :

For bearing Up to 60 mm bore : Z3V3

For bearing above 65 mm bore: Z2V2

All bearings are 100% inspected for Noise and Vibration levels before packing

Material :

All material used for rings and rolling elements are of reputed quality and of highest grade

Grease :

Kyodo Yushi- 2 way grease filled

Shelf life :18 months

Guarantee

All bearings come with KYK hologram on the single box and guarantee

If any functional defect is found due to a manufacturing defect, the bearing may be returned / replaced with proof of purchase to the supplier.

KYK Automotive bearings lifetime warranty is for a period of 1 year from the date of Purchase or within 20,000 km, whichever is sooner, this is for automotive use only.

Quality Features

HQ KYK Tapper roller Bearing

Material :

All material used for rings and rolling elements are of reputed quality and of highest grade

Profile of components for high accuracy and point load

Raceways: with convex profile and super finished

Inner ring lip: Inner ring lip with super finishing

Roller: Convex rollers super finished

Advance profile technology for the relief groove enables better lubrication and increased life

Tolerance class: P0 as per ISO standard

Noise and Vibration Level :

All bearings are with a minimum noise and vibration level of : Z2V1

All bearings are 100% inspected for Noise and Vibration levels before packing

All bearings is provided with protective interleaf between cone and cup

Guarantee

All bearings come with KYK hologram on the single box and guarantee

If any functional defect is found due to a manufacturing defect, the bearing may be returned / replaced with proof of purchase to the supplier.

KYK Automotive bearings lifetime warranty is for a period of 1 year from the date of Purchase or within 20,000 km, whichever is sooner, this is for automotive use only.

Quality Features

HQ KYK Spherical Roller Bearing

Material :

All material used for rings and rolling elements are of reputed quality and of highest grade

Profile of components for high accuracy

Raceways: with convex profile and super finished

Rib : Thicker Ribs to ensure increased life

Roller: Super finished high quality rollers with Dimple (hole)

Advance profile technology for the relief groove enables better lubrication and increased life

Tolerance class: P0 as per ISO standard

All bearings are 100% inspected before packing

Bearings up to 100mm bore is packed with Vacuum packing

Bearing over 30KG in weight are packed (Taped around) with 4 layers of protection

layer 1- VCI paper

layer 2- Poly strip

layer 3- Black Foam strips

layer 4-Orange Poly strips and packed in Wooden box

Guarantee

All bearings come with KYK hologram on the single box and guarantee

If any functional defect is found due to a manufacturing defect, the bearing may be returned / replaced with proof of purchase to the supplier.

Quality Features

HQ KYK Automotive Bearing

Material :

All material used for rings and rolling elements are of reputed quality and of highest grade

Automotive bearings are tested for 40000Km under ideal working conditions

Guarantee : a Minimum warranty of 20000KM is provided along with the bearings

All bearings are 100% inspected before packing

Double row Angular contact Ball bearings (DAC bearings) are with Protective plastic lock

Hub bearings with ABS are 100% tested for ABS operation before Packing

Guarantee

All bearings come with KYK hologram on the single box and guarantee

If any functional defect is found due to a manufacturing defect, the bearing may be returned / replaced with proof of purchase to the supplier.

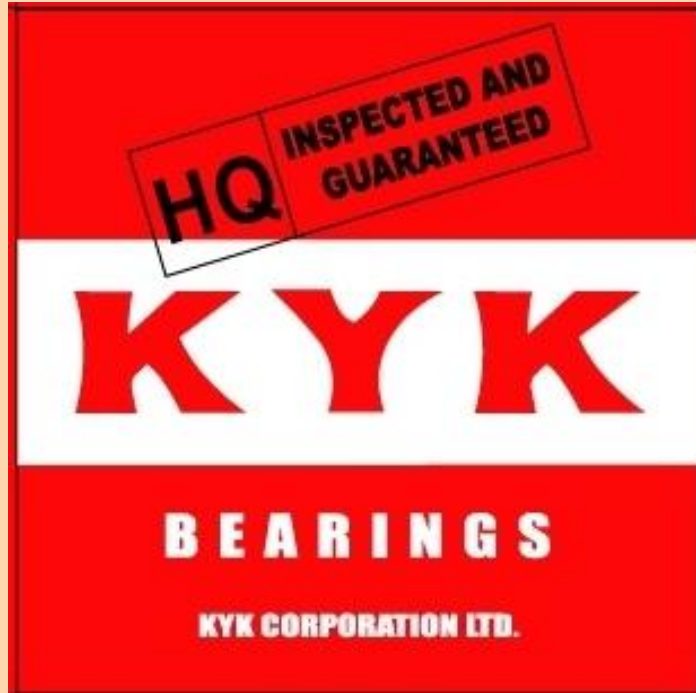

KYK Automotive bearings lifetime warranty is for a period of 1 year from the date of Purchase or within 20,000 km, whichever is sooner, this is for automotive use only.

KYK Packing

KYK Single Boxes comes with the following design

Front side

Back side with Warranty

LIFETIME WARRANTY

KYK Bearings are made using High Quality steel and state-of-art technology to function synonymous with original equipment and supersede. Each bearing is individually inspected before packing to cater to premium quality requirements.

If any functional defect is found due to a manufacturing defect, the bearing may be returned / replaced with proof of purchase to the supplier as per law.

KYK Automotive bearings lifetime warranty is for a period of 1 year from the date of Purchase or within 20,000 km, whichever is sooner, this is for automotive use only. KYK Bearings are designed for longer life.

The warranty is restricted to return/replacement of the product. The warranty excludes claims of damage due to mishandling, improper installation, labour claims or any consequential damages.

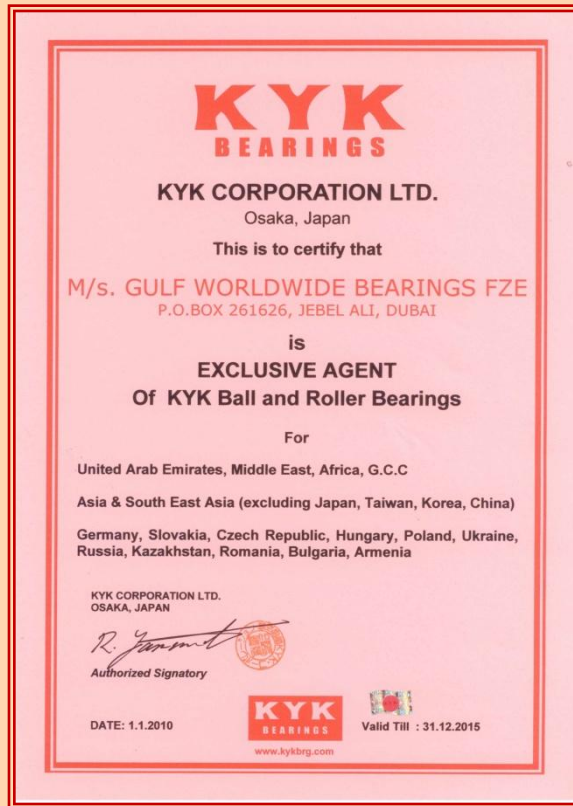

This warranty does not affect the statutory rights of the user.
